

## MEMBERSHIP APPLICATION 2017

**Early Childhood Intervention Australia (ECIA)** provides a national focus and forum, promotes the public profile of Early Childhood Intervention, facilitates effective liaison and advocacy in the community, and fosters quality information and service provision. Services include organisation of seminars and workshops and a national conference every two years. Early childhood intervention is the process of providing specialised support and services for infants and young children with developmental delays or disabilities, and their families in order to promote development, well-being and community participation.
